It is neither as well paid nor as secure as other sectors, but it is populated by entrepreneurs who are willing to forego profit for social change, and that is attracting high calibre talent. Cross-sector collaboration and knowledge sharing holds great potential. SocialEntrepreneurship. This landmark report finds that social enterprise is taking off in the Philippines where the number of social enterprise start-ups has tripled in the last decade and a new wave of young social entrepreneurs is emerging. In summary, any consideration of the social economy and social enterprise in an Irish context must take into account the two parallel narratives – academic and policy – that have contributed to a lack of clarity about how social enterprise is to be understood, its boundaries and how it intersects with other sectors.
