Hoffman argued that the neo-functionalists had attached too much significance to the role of supranational authorities and had miscalculated the interests of European nation states in the post-war order. But empirical research on these matters does, in fact, exist. Request Username Can't sign in? Earlier versions of these chapters were represented at the conference, Supran Sign up. The Commission responded by continuing to advocate a community internal and external energy policy, and this exogenous shock proved a catalyst for top-down pressure on policy units to formulate policies specifically related to addressing the issue of energy security, and a Commission interviewee noted that there was: A new dynamic as a result of the [and] crises... an opportunity for the Commission to develop, recommend and lobby for a new energy policy for the EU. Perceptions, realities, concession—what is driving the integration of European Integration and Supranational

Governance energy policies?
